P. V. Venugopalayya Esq M.A, M.L
Councillor to His Highness
the Maharaja Sovereignty

Respected Sir,

I beg to inform you, that with a view to afford facilities to poor boys to learn a profession for their livelihood, and to make them fit to compete in a public examination of some recognized School or College, I had applied to the Inspector General of Education, to transfer to me the Management of the Industrial School at Hassan. I had also accepted all his conditions mentioned in his docket No 9380 dated 15th April 1909, and further added that 1152 my object was not a money making one, but to train up boys for a profession and feed as much as I could from the Savings effected from the Government grant and also to award scholarships of 50 Rs from the proposed 100 Rs grant. The Inspector General informed me in May last, that he had re-commended to Government, the transfer I had applied for. As I have received no final order of Government yet, I beg leave to approach you with a request for the favorable con-sideration of the question.

The Inspector General also informed me that another application from the

Society had ~~[illegible]~~
and advised me to become a
the said Society, and help them in the working
of the above institution. But with my poor
better experience of such Societies here,
I would rather stand aloof, and besides,
my object being to form a charitable
institution as stated above, (my own means
being limited,) and not of a money-making
nature, I beg you to kindly give my
prayer, your best Consideration, Since
it would fulfill the object of Government,
Viz, giving boys a Technical Education.

I beg to remain,
Sir,
Your most obedient & humble Servant,

H R Srinivasa Rao
Retired Accountant

Hassan
